## Key criteria

### Applies to all products

A non refundable application fee of £150 applies.

After the fixed term if the mortgage is interest only, it may be converted to capital and interest repayment, subject to 28 days' written notice.

All products are subject to availability of funds and withdrawal at any time.

APR calculated using an illustrative loan of £150,000.

All products are funded by Paragon Bank PLC.

Where our 5 year fixed rate products revert to Paragon SVR (currently 5.60%) less 0.75% = 4.85%, a minimum rate of 3.00% applies after the fixed rate period.

### Interest coverage ratio (ICR)

The gross rental income from the property should equal or exceed the ICR as determined using a combination of the tax band applicable to an applicant's income and the property type. The tax band applicable to the applicant with the highest income will be used. The calculation will be based on the amount requested, at either the product charging rate plus 2% or 5.5%, whichever is the greater. The exception to this rule will be 5 year fixed rate products, which will be calculated using the amount requested, at either the product charging rate or 4.00%, whichever is the greater. The applicable ICR rate will be shown against each product.

		PROPERTY TYPE
		Single self contained unit (SSC)
TAX STATUS	Basic rate tax payer (20%)	125%
	Higher rate tax payer (40%)	140%
	Additional rate tax payer (45%)	140%

We must be satisfied that the applicant(s) are able to withstand increases in mortgage interest rates, cover rental voids and be able to afford the mortgage now and after any fixed period expires.

### Future affordability

To cater for the PRA affordability regulation, we've made some changes to our mortgage application system. We've kept the changes to a minimum, but we will now require a property schedule to be completed as part of the online application in every case (a PDF version of the property schedule is available on our website). We will also need to ask for more information about your customer's income to enable us to apply the appropriate tax band and ICR to the affordability assessment. This product guide sets out how all future application will be assessed, and at what rate and ICR.

We will accept applications that qualify as consumer buy-to-let mortgage contracts, subject to all other criteria being met. More information concerning consumer buy-to-let can be found on our website [www.paragonbank.co.uk](http://www.paragonbank.co.uk)

Where an internal inspection has been carried out and the proposed security is subsequently declined, a valuation report will not be made available although a summary will be given advising why the property is deemed to be unsuitable.

**In conjunction with other criteria, we will assess the affordability of a mortgage based on the expected monthly income generated from letting the property to a tenant. The actual income generated may be different and can be influenced over time by changes within the rental market. The applicant(s) will remain responsible for meeting the costs of the mortgage and the additional costs associated with letting property for the duration of ownership. Please refer to Paragon's buy-to-let Lending guidelines and submission requirements for full criteria.**
