Terms and Conditions

Our General Terms and Conditions will apply unless there is a stipulation in these Product Terms and Conditions that is inconsistent. If this is the case, the stipulation in these Product Terms and Conditions applies instead. These Product Terms and Conditions are effective from the date you open the account.

1. Your account is a Fixed Rate Savings Account.
2. The fixed term of your account is three years from the date we receive your opening deposit into your account.
3. We will write to you on receipt of your opening deposit. Provided you make your opening deposit within 28 calendar days of your application request we'll guarantee the interest rate shown when we received your application request or, if higher, the rate on our website at the time you make your opening deposit.
4. The minimum investment you can make to open your account is £1,000. The maximum investment is £500,000.
5. You can make deposits into your new account for 28 days after your application request. Once this time has passed you will not be able to make any further deposits into your account.
6. There is no right to cancel your agreement once your account has been opened. You cannot make any withdrawals or close your account until the end of the fixed term of your account.
7. Your account is a limited issue and may be withdrawn at any time. We will not inform you when the account becomes a closed issue.
8. We will write to you at least 28 days before your maturity date. At this time, we will give you details of other products that will be available to you when your account matures. Unless you confirm otherwise, we will transfer your account balance (plus any resulting interest if your interest is credited to your account) to our Easy Access Savings Account.

The Product Terms and Conditions of the Easy Access Savings Account can be found on our website.

9. Your interest is calculated daily and paid monthly or yearly. If you choose to receive monthly interest, we will pay it on the day of the month that you made your opening deposit into your account. If you choose annual interest, we will pay it on the anniversary of the date that you made your opening deposit into your account (or, if earlier, on the day your account matures). See the General Terms and Conditions for full details.
10. Your interest can be paid into your Fixed Rate Savings Account, to another account you hold with Paragon (subject to the Product Terms and Conditions of that account), or to the nominated bank account you have set up. We do not pay interest into your nominated bank account if it is less than £1. Instead, the amount will be accrued on your account and we will pay it once the cumulative interest you have earned is more than £1.

Green savings

We have made a commitment to achieve net zero by 2050 but in doing so we recognise that net zero cannot be achieved in isolation. Our net zero commitment will not be achieved without significant and continued support from government policy and industry. Supporting the UK ambition to reduce greenhouse gas emissions to net zero by 2050 is of critical importance and we are committed to helping the decarbonisation of the UK economy. We additionally support the UK Government commitment of having as many private rented sector properties rated EPC 'C' or above by 2030.

Unlike our other standard savings products, the funds that you deposit into your green savings account will only be used to help support our green lending products, which currently include our buy-to-let mortgages, available for existing residential buildings certified, or to be certified, with an Energy Performance Certificate (EPC) rating of 'C' or above in England and Wales.

We will keep our definition of green lending under constant review and ensure that our assessment is in line with that of UK Government and housing industry standards.

How do we use your green savings deposits?

The deposits that you make into your account will be used to help support our green lending products.

Further information about our green savings products can be found on the Savings FAQs section of the Paragon Bank website. You can find more information on how we are helping the UK's transition to net zero on the Sustainability section of the Paragon Banking Group website.
