### Triple Access Savings Account

Effective from 26 August 2020

This document contains important information about your savings account. You should read this document and our General Terms and Conditions carefully so you can be sure the account is right for you.

### Account summary

<b>Account name</b>	Triple Access Savings Account - Issue 1
<b>What is the interest rate?</b>	<b>3 or less withdrawals:</b> Annual: 0.80% Gross**/AER* Monthly: 0.80% Gross**/0.80% AER*
	<b>4 or more withdrawals:</b> Annual: 0.25% Gross**/AER* Monthly: 0.25% Gross**/0.25% AER*
	<b>When will you get the lower interest rate?</b>  The lower interest rate will apply from your fourth withdrawal to the day before the anniversary of your account opening. From your anniversary your interest rate and withdrawals reset. So, you will have three more withdrawals before the rate reduces.  <small>*AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded on an annual basis. ** Gross is the rate of interest payable before any income tax is deducted. Interest will be paid monthly on the day of the month you first paid into your account or annually on the anniversary of making your opening deposit.</small>
<b>Can Paragon change the interest rate?</b>	The interest rate is variable. If we increase the interest rate on your account, we'll let you know as soon as possible, this can be after the new rate is effective. If we reduce the interest rate we'll notify you 14 days ahead of the change.
<b>What would the estimated balance be after 12 months based on a £1,000 deposit?</b>	<b>0 withdrawals:</b> £1008.00 based on £1,000 over 12 months at 0.80%
	<b>4 withdrawals:</b> £963.74 based on £1,000 over 12 months at 0.25%
	<small>Example assumes you withdraw £10 a month for the first four months. You'll receive the higher interest rate until your fourth withdrawal, so you should not experience a full 12 months at the lower interest rate. This is for illustrative purposes only and does not take into account individual circumstances.</small>
<b>How do I open and manage my account?</b>	Online. Minimum opening deposit £1. Minimum balance £1 up to a maximum of £500,000 (plus any resulting interest). Account holders must be aged 18 or over and a UK resident for tax purposes.
<b>Can I withdraw money?</b>	Yes, you can make withdrawals from this account. You can make three or less withdrawals from this account at the higher interest rate, four or more withdrawals will mean the rate will be lowered from the date of your fourth withdrawal until the day before the anniversary of your opening deposit. The interest rate and withdrawals will reset to the higher rate, applicable at the time, on the anniversary of your opening deposit. You'll be able to make three withdrawals before the rate decreases to the lower rate, applicable at the time.
